The main secret in the preparation of cereals, says *Good Housekeeping*, is thorough cooking; and this necessitates cooking them slowly, in the proper quantity of liquid, for a considerable length of time. A great deal has been written about preparing mushes for the table in from two to twenty minutes, and many cooks serve them prepared in that length of time; but all cereals are more digestible and much finer flavored when thoroughly cooked. The table given below will be found approximately accurate as regards the proportions of grain and liquid to be used, and the length of time required to perfectly cook the following grains and grain products:

Pearled Wheat—Five measures of liquid to each measure of wheat. Cook from four to six hours.

Pearled Barley—Five measures of liquid to each measure of barley. Cook from four to six hours.

Coarse Hominy—Five measures of liquid to each measure of hominy. Cook from six to ten hours.

Fine Hominy—Four measures of liquid to each measure of hominy. Cook from four to six hours.

Coarse Oatmeal—Four measures of liquid to each measure of oatmeal. Cook from four to six hours.

Roll'd Wheat—Three measures of liquid to each measure of wheat. Cook two hours.

Roll'd Barley—Three measures of liquid to each measure of barley. Cook two hours.

Roll'd Oats (Avena)—Three measures of liquid to each measure of oats. Cook an hour.

Rice—Three measures of liquid to each measure of rice. Cook an hour.

Farina—Six measures of liquid to each measure of farina. Cook half an hour to an hour.

Cerealine Flakes—One measure of liquid to each measure of cerealine. Cook half an hour.

Water alone can be used for cooking any of the cereals, but most of them are richer and finer flavored when the liquid used is milk and water, mixed in about equal proportions. Especially is this the case with barley, rice, hominy and farina. The quantity of salt that should be used in cooking cereals is largely a matter of individual taste, as some people like considerable, and some very little, salt in their food. A safe general rule, however, to follow, is to add half a teaspoonful of salt to each pint of liquid.

All cereals can be cooked very perfectly in an ordinary agate ware or porcelain-lined stew-pan, if carefully watched and stirred; but, as much stirring renders cereals starchy, and robs them of a good deal of their finest flavors, a double boiler, frequently called a farina boiler, is much the best and most convenient utensil for cooking mushes and grains of every kind.

To cook cereals in a double boiler: Fill the outside boiler two-thirds full of boiling water, put the necessary quantity of liquid in the inside kettle, add the requisite amount of salt, and when it boils, sprinkle in the grain or meal, stirring slowly until it swells or thickens enough to keep it from settling to the bottom of the kettle. Then cease stirring, and let it boil slowly until thoroughly cooked. All mushes thicken in cooling, and in preparing cereals to be eaten cold the proportion of liquid should be increased at least one-third. That is all good advice.

Recipes.

FITTERS.—Four eggs well beaten, one quart of flour, two teaspoons of baking powder, half teaspoon of salt, milk enough to make a batter, fry in hot lard, sprinkle with sugar, or eat with syrup.

APPLE JELLY.—Use good sour apples, slice them, skins, seeds, and all, and simmer with one-half a cup of water till well-cooked and soft; then strain through a cloth, add a pound of sugar to a pint of juice, boil a few minutes, skimming till clear; pour into glasses and cover when cold.

OATMEAL PORRIDGE.—Take two ounces of oatmeal and one and one-half pints of water. Rub the meal in a basin with the back of a spoon in a small quantity of water, pouring off the fluid after the coarser particles are settled, but while the milkiness continues repeat the operation until the milkiness disappears. Put the washings into a small pan; stir until they boil, adding a pinch of salt, and boil until a soft, thick mucilage is formed. Sweeten to taste.

SEWED CHOPS.—Broil the chops and let them get cold; then put into a saucepan with two tablespoons of butter and one of minced onion; cover tightly and set in a kettle of cold water; bring slowly to a boil. At the end of an hour add a cup of hot broth (made from the trimmings of chops), seasoned with pepper, salt, a pinch of cloves and chopped parsley; cover again and stew gently until the chops are tender, setting the saucepan directly on the range. Then lay them on a hot dish; strain the gravy, thicken with browned flour, stir in a good teaspoon of currant jelly; boil one minute and pour over the chops.

POT PIE.—Cut one and a-half pounds of lean stewing beef into slices, sprinkle a little salt and pepper on it, and lay it in a pot with a tight-fitting lid. Pour three teacups of water on it, and let it come to boiling point; then slice one carrot, one parsnip, one turnip, and one onion, and three onions, and throw them in. Then take three-quarters of a pound of flour, a saltspoonful of baking soda, one saltspoonful of salt, and nearly a quarter of a pound of suet nicely minced; mix into a dough with butter-milk, knead it into a round shape, and put it on to the top of the meat and vegetables; cover up close, and let it simmer slowly for two and a-half hours. With seven pounds of potatoes this dish is sufficient for a large family.

Blinded by Fireflies

I was once riding in Sind, the second march beyond Jacobabad, and for several miles at midnight my way laid through woodland, writes Phil Robinson in the *Gentleman's Magazine*. A straight road, at least twelve feet wide, had been driven through it for our artillery and wagons to go by, and it was as soft and flat as tan. Had the night been pitch dark I could have cantered the whole way. But, as it happened, the place was ablaze with fireflies, and I could not see an inch before me. Whenever there was a natural glade or break in the vegetation, to the right or left, there at once opened out a glittering vista of these dancing, flickering creatures.

You could see, apparently, a road, lamp-lighted, straight before you. But turn round. It was the same behind you. There was a straight road. Look to the right or to the left. There, too, stretching away into a hazy confusion of twinkling points, were straight roads, too. Stupidly mazed I once turned my horse's head round; but the beast was more sensible than I and told me the right direction, and I hastened to it.

But to speak of fireflies being a help to the traveler is utter nonsense; they are the most provoking, distracting mischief makers possible. Leave a path alone, and even on the darkest night a sober man may learn to distinguish it. But light up tens of millions of fireflies in the bushes on either side, in all the openings in the undergrowth, and the path, even though twelve feet wide and straight as an arrow, is nowhere.

The Wonderful K-Wren Remedies.

Probably the greatest success in the way of a patent medicine that has ever been brought out is that which Mr. Charles D. Keep, of 49 Exchange Place, New York, is now bringing to the attention of the public. During the past few months the K-Wren Remedies have jumped into popular use, and everybody who uses them has but one thing to say, viz.: That they are the greatest and most marvellous remedy for Coughs, Colds, Asthma, Catarrh, Bronchitis, and all forms of throat and nasal diseases ever discovered. See advertisement in another column of this paper.

DAYLIGHT.

If a gentleman by the name of Day volunteers to throw the light of his experience into the darkened places of misery, so that others may go and do as he has done and enjoy life, may not be reasonably called daylight?

As for instance, take the case of Captain Sargent S. Day, Gloucester, Mass., who writes April 16, 1881: "Some time ago I was suffering with rheumatism. I used a small portion of St. Jacobs Oil and was cured at once. I have used it for sprains and never once have known it to fail. I will never be without a bottle." Captain Day also received a circular letter, and in reply under date of July 1, 1887, he says: "I used the Oil as stated and was permanently cured of rheumatism by its use." During the intervening six years there had been no recurrence of the pain. Also a letter from Mr. H. M. Converse, of the Warren (Mass.) Herald, dated July 1, 1887, as follows: "In response to yours of June 22, would say that in 1880 my wife had a severe attack of rheumatism in her shoulder and arm, so that she could not raise her hand to her head. A few applications of St. Jacobs Oil cured her permanently, and she has had no return of it." Another case is that of Mr. R. B. Kyle, Fowler Hill, Appomattox county, Va., who writes, November, 1880: "Was afflicted for several years with rheumatism and grew worse all the time. Finally physicians gave me relief, but it was not of long duration to live; was rubbed all over with St. Jacobs Oil. The first application relieved, the second removed the pain, continued use cured me; no relapse in five years, and do as much work as ever." These are proofs of the perfection of the remedy, and taken in connection with the miracles performed in other cases, it has no equal.

WHAT AILS YOU? Do you feel dull, languid, low-spirited, lifeless, and indurably miserable, both physically and mentally; experience a sense of fullness or bloating after eating, or of "gone-ness," or emptiness of stomach in the morning; tongue coated, bitter, or bad taste in mouth, irregular appetite, dizziness, frequent headaches, blurred eyesight, "floating specks" before the eyes, nervous prostration or exhaustion, irritability of temper, hot flushes, alternating with chilly sensations, sharp, biting, transient pains here and there, cold feet, drowsiness after meals, wakefulness, or disturbed and unrefreshing sleep, constant, indescribable feeling of dread, or of impending calamity?

If you have all, or any considerable number of these symptoms, you are suffering from that most common of American maladies, Bilious Dyspepsia, or Torpid Liver, associated with Dyspepsia, or Indigestion. The more complicated your disease has become, the greater the number and diversity of symptoms. No matter what stage it has reached, **Dr. Pierce's Golden Medical Discovery** will subdue it, if taken according to directions for a reasonable length of time. If not cured, complications multiply and Consumption of the Lungs, Skin Diseases, Heart Disease, Rheumatism, Kidney Disease, or other grave maladies are quite liable to set in, and sooner or later, induce a fatal termination.

Dr. Pierce's Golden Medical Discovery acts powerfully upon the Liver, and through that great blood-purifying organ, cleanses the system of all blood-taints and impurities, from whatever cause arising. It is equally efficacious in curing upon the Kidneys, and other excretory organs, cleansing, strengthening, and healing their diseases. As an appetizing, restorative tonic, it promotes digestion and nutrition, thereby building up both flesh and strength. In malarial districts, this wonderful medicine has gained great celebrity in curing Fever and Ague, Chills and Fever, Dumb Ague, and kindred diseases.

Dr. Pierce's Golden Medical Discovery CURES ALL HUMORS, from a common Itch, or Eruption, to the worst Scrofula. It cures "Fever-sore," Scaly or Rough Skin, in short, all diseases caused by bad blood are conquered by this powerful, purifying, and invigorating medicine. Great Eating Ulcers rapidly heal under its benign influence. Eczema has it manifested its potency in curing Tetter, Eczema, Erysipelas, Boils, Carbuncles, Sore Eyes, Scrofulous Sores and Swellings, Hip-joint Disease, "White Swellings," Goitre, or Thick Neck, and Enlarged Glands. Send ten cents in stamps for a large Treatise, with colored plates, on Skin Diseases, or the same amount for a Treatise on Scrofulous Affections.

"FOR THE BLOOD IS THE LIFE." Thoroughly cleanse it by using **Dr. Pierce's Golden Medical Discovery**, and good digestion, a fair skin, buoyant spirits, vital strength and bodily health will be established.

CONSUMPTION, which is *Scrofula of the Lungs*, is arrested and cured by this remedy, if taken in the earlier stages of the disease. From its marvelous power over this terribly fatal disease, when first offering the new world-famed remedy to the public, Dr. Pierce thought seriously of calling it his "**CONSUMPTION CURE**," but abandoned that name as too restrictive for a medicine which, besides the wonderful curbing of tonic or strengthening, alternative, or blood-cleansing, anti-bilious, pectoral, and nutritive properties, is unequalled, not only as a remedy for Consumption, but for all Chronic Diseases of the

Liver, Blood, and Lungs. For Weak Lungs, Spitting of Blood, Shortness of Breath, Chronic Nasal Catarrh, Bronchitis, Asthma, Severe Coughs, and kindred affections, it is an efficient remedy.

Sold by Druggists, at \$1.00, or Six Bottles for \$5.00.
